**RELEVANCE OF EACH DOCUMENT**

In a counterpart Korean application, a Korean Office Action issued on September 21, 2001. According to an English translation of the Korean Office Action obtained by Applicants' representative, the Korean Patent Office made certain characterizations of the reference.

An English translation of the foreign-language document is not readily available. However, an English language abstract is provided herewith. Consequently, the foreign language document has been submitted in compliance with the PTO requirements and, therefore, the document should be considered by the Examiner (37 CFR §1.97, §1.98 and MPEP §609).

As noted, the characterizations of the Korean Patent Office noted above are based on an English translation obtained by Applicant's representative. The disclosure of these characterizations should not be construed as an admission of or agreement with the opinions expressed in the Korean Office Action.

Applicants respectfully request that any listed document be considered by the Examiner and be made of record in the present application and that an initialed copy of Form PTO/SB/08 be returned in accordance with MPEP §609.
